

MAIDEN UNITED

WORLD-CLASS IRON MAIDEN TRIBUTE

Maiden United was formed by Iron Maiden fans for Iron Maiden fans. Their mission is simple: To exhilarate audiences with a dynamic, energetic, and faithful recreation of an Iron Maiden show (stage-size notwithstanding).

Founded in 2021, Maiden United is composed of experienced Los Angeles musicians who are veterans of dozens of tribute bands and original projects. With thousands of hours of stage time and a professional approach to their jobs as entertainers, they grew up on Iron Maiden and have studied the band's music and performance styles.

They know what they're doing.
